*A New Adaptation of William Mastrosimone's powerful play.*

The tool of drama has the power to lance, heal, and cleanse the soul. **Bang Bang You're Dead** might not be the answer to gun violence by teenagers in our schools. But the play might lead to a discussion, an insight, a revelation that may lead to an answer. There is a hope that our awakened senses or heightened consciousness might see the tragedy before it happens. It is a slim hope, but it is all we have at this time.
